CHILDREN GIVEN AWAY

By Deserted Mother Who Claims Maysville as Her Home—Said She Could Not Support Them.

(Yesterday's Cincinnati Enquirer.)

Much to the surprise of the police at Central Station a woman called there shortly before noon yesterday and said she wanted to give her two children away, claiming she had no way of providing for them. The police were astounded at the strange request of the mother, and after some questioning they suggested that the youngsters be taken to the Children's Home, where the formal surrender could take place. Under the escort of an officer the three were marched to the Ninth street institution, and in a short time the mother had given away all legal rights to her children.

The woman said she is Mrs. Anna Frye, of Maysville, Ky. She added that her husband, now in Illinois, deserted her last May. Frye brought the children to this city and placed them with their grandmother, Mrs. Amanda Kennard, of 524 Laurel street, who gave Jesse, 7, and Pauline, 1 year old, shelter until three weeks ago. She was unable to provide for their welfare any longer, and solved the problem by taking the children to the mother at Maysville. Mrs. Frye brought the youngsters to Cincinnati yesterday, and her first call was at the police station. The Children's Home will reach the father in order to secure his release of the children.

MRS. JOHN T. OSBORNE

Passed Away Last Evening at Her Home On Tuckahoe Ridge.

Mrs. Bird Bacon Osborne, wife of John T. Osborne, passed away last evening at 6 o'clock after months of distressing illness, aged 48 years. She is survived by her husband and two children, a son and daughter.

Mrs. Osborne was a daughter of the late John Bacon, whose fine old home was on the hill-top overlooking the Ohio river just below Charleston Bottom.

She was a good woman and a life-long member of the Wesleyan Creek Christian Church. Her step-mother, Mrs. Kate Mitchell Bacon, died the past week at Lexington, Mo.

The funeral services will be held Saturday morning at 10 o'clock and will be conducted by Rev. D. W. Nichols, of the Dover Christian Church. Burial in the Maysville Cemetery.

IS CARLISLE A HANDCAR TOWN?

The Carlisle Advocate says: "Wonder if it would be too expensive on the L. & N. to run a handcar down the Maysville Branch on Sunday. This would give us mail and daily paper service, inasmuch as we are compelled to stay at home."

RESERVE BANKS TO OPEN

NOVEMBER 30th.

Representatives of the twelve Federal Reserve Banks, in session in Washington voted 37 to 35 a recommendation that the Federal Reserve Board authorize opening of the banks on November 30th. Secretary McAdoo favored November 16th.

HON. H. GLENN IRELAND.

(Augusta Chronicle.)

H. Glenn Ireland, of Olive Hill, Carter county, candidate for Congress from the Ninth District, accompanied by Ward Metcalfe of Brooksville, was in various parts of the county last week in the interests of his candidacy. Mr. Ireland made a most pleasing impression on those whom he came into contact.

ROBBER CAUGHT

After Looting C. & O. Freight Car And Stealing Bath Robes and Other Wearing Apparel—Pal Escaped.

About 4 o'clock this morning Officers Bloomhoff and Fizer were called to the C. & O. depot in the West End by C. B. Black, third track operator, and when the officers arrived they were informed by Mr. Black that he had received word from Garrison that two men had robbed one of the cars on Manifest Train No. 92, going East, and had then caught a West-bound freight train.

Low American debts can be paid abroad without gold shipments will be discussed in Washington at a conference between American financiers and representatives of the English Treasury.

When the train arrived here one of the robbers was captured, but the other escaped. The man arrested proved to be a fellow named Fitzgerald, who was arrested here some time ago, after he and another fellow had broken into the First M. E. Church, South, this city, for which they served a jail sentence.

Fitzgerald had a number of bath robes and other wearing apparel in his possession when arrested.

The man who escaped was reported as having been seen near Dover by the crew of another freight train a little later on, but as yet he has not been apprehended.

'SQUIRE BAUER'S COURT.

Yesterday morning J. C. Ricketts was fined and costed \$3.55 in 'Squire Bauer's court for using language to provoke a breach of the peace.

'SEPTEMBER MORN' IN THE DARK.

Last night while the musical comedy show, "September Morn" was in progress at the Washington Theater, a fire blew out and the house was plunged into darkness for about a half hour, until an electrician from the power house could be summoned.

The Pastime theater directly across the street was thrown into darkness for the same length of time as it was on the same circuit.

KENTUCKY INSURANCE ACT

Sustained By Decision of The United States Supreme Court.

Washington.—The United States Supreme Court dismissed the suit of the Citizens' Insurance Company, of Missouri, against the Kentucky State Board of Insurance. The case involved the constitutionality of the insurance rate act passed by the Kentucky Legislature in 1912. Insurance companies had sought an injunction against the enforcement of the act and had been defeated in the lower courts. The dismissal of the suit operates as an affirmation of the action of the lower court and leaves the State free to enforce the act.

The Kentucky law requires insurance companies to file their basing rates with the State Insurance Board, prohibited discrimination between localities and authorized the promulgation of maximum premium rates. The complainant companies asserted that the act would nullify much of the work they had done in the State and would deprive them of property without due process of law. They also contended that insurance was distinctly a private business and that insurance policy is a private contract with which a State has no right to interfere.

A Record-Breaking October.

This has been a record-breaking October for the amount of rainfall and for the absence of frost. This is written on the 21st and the frost has not touched the most tender vegetation.

The Grand Jury did not finish its work Wednesday afternoon, up to that time having returned four indictments, viz:

Edgar Saunders, seduction.
T. H. Bellamy, concealed weapons.
C. H. O. O. F. Lodge, maintaining a nuisance (riprarious dances).

Robert Todd and John Wilson, for a misdemeanor in taking the auto of Roy H. Threlkeld.

The Livest Organization in the World

THE LOYAL ORDER OF MOOSE

One That Has Made More Progress in the Last Six Years Than All Others Combined

The only fraternal order founded South of the MASON DIXON LINE. Founded in Louisville, Kentucky, April 12th, 1888. Eighteen long years DR. JOHN HENRY WILSON toiled to save the one organization that he thought would some day help the globe—until in the spring of 1906 when some of our foremost men extended their hand to Brother Wilson and put their shoulders to the wheel and pushed forward the organization into the lands unknown. Herewith is reproduced the exact membership for each year since 1906.

1906	241 Members
1907	852 Members
1908	5,686 Members
1909	31,526 Members
1910	86,741 Members
1911	201,562 Members
1912	400,566 Members
1913	623,642 Members

At the convention at Milwaukee in July this year our secretary spoke with pardonable pride that we had on our membership rolls at that time in good standing 873,267 members. Among them are the foremost men of our country today, who shoulder to shoulder are pushing on the great movement of uplifting mankind and the coming generation. We have 1160 acres of land near Aurora, Illinois, where we have a school and college for the children of the Moose, something no other fraternal order has, where they will be given an education, fitted to go out in the world and fight the battle of life for themselves, they will not be put in an orphan's home and in two or three years be scattered broadcast across the country, adopted by some other family and the mother or father know nothing of them, grow up uneducated and unlearned. Our home was christened Moose-Heart, as it is in the center of Moosedom. The education of the boys and girls at Moose-Heart school will be along vocational as well as academic lines. The heart and hand will be educated as well as the brain; each will be advanced along the vocational line to which they are best adapted, and when the students complete the prescribed course, they will step into the world a finished product, ready to meet the battle of life; they will not be compelled to take a post-graduate course in some machine shop or business college or mercantile establishment before they are capable of making a living for themselves. At Moose-Heart there will be no church or creed shown preference in the religious training. Each will be accorded the privilege to serve and worship God according to the dictates of their own conscience. This college is free to the children of the Moose. They do not have to be orphans to find a place there. Any member can send his boy or girl there free of charge, without one cent tuition fee or board. This home and school is in the country where the inducements are not so strong for the boy or girl to go wrong. We have there a home for the aged and infirm members of the Moose, the widows and mothers. We have at the present time at our schools 402 boys and girls. Any Moose or member of his family may take a correspondence course by merely paying the postage on lessons, and get a diploma that will be recognized anywhere, same as from Seranton or any correspondence school. In Cincinnati we have 5,000 members; Louisville, 3,500; Paris, Ky., 306; Winchester, 287; Georgetown, 228; Danville, 431. Covington has a lodge of over 1,000. Newport something like 500 members.

THE MOOSE PAYS THE FOLLOWING BENEFITS:

\$100 at death of member; \$7 per week sick or accident, and gives to its members and their family the services and medicine of their own family physician absolutely free of charge. The dues are 83 1/2 cents per month or \$10 per year. Payable monthly, quarterly or yearly. The initiation fee while charter is open is \$5.00 with one dollar examination fee. After charter closes the initiation fee will be raised to \$25.00.

Now, my friend, it is with you if this proposition looks good to you. Call on or 'phone to J. W. MANGES, Central Hotel, who will gladly call on you or explain matters more clearly. MAKE APPLICATION AT ONCE.

BITS OF BY-PLAY.

What's the Answer?
A Michigan editor who was asked by his son to help him with some of the problems assigned as night work, says he can't see how a boy is going to learn anything when his teacher sends him home with problems like the following:
"If it takes a four-months-old woodpecker, with a rubber bill, 9 months and 13 days to peck a hole through a cypress log that is big enough to make 117 shingles, and it takes 165 shingles to make a bundle worth 93 cents, how long will it take a cross-eyed grasshopper, with a cork leg, to kick all the seeds out of a dill pickle?"

Lucky Luke!
Mike McCarthy has presented Luke with a piece of the original Blarney Stone, from Blarney Castle. Mike secured the relic while in Ireland this Summer and had it handsomely mounted for Luke. Thank!

Sure, it's proud I am to have ye, and ye'll never leave my sight,
For the fairies now will guard me all the day and all the night;
Sure, good fortune now must bless me while I keep ye for my own,
And ye'll make me sing the sweeter, little bit of Blarney Stone.

Assorted Odors.
"My," exclaimed Mrs. Gabb, "I'd have to go down to Blaak's store in the morning and get some perfume. They advertise assorted odors for 98 cents."
"I say a kickel and get on a closed street car that is crowded, and you can save 93 cents," growled Mr. Gabb.

Huhl!
We laugh at Przemysl every day,
And yet it seems to me
We have a town not far away
That's known as Kankakee.

MEN'S DAY.

One hundred men in the men's class is the aim the men of the Christian Church have set for next Sunday. Last Sunday Carlisle took one point. They reported 48. The Maysville class reported 47. Let all the male members of the church and those who are connected or friendly to this church, fall in line for big things in the way of Bible School and Church attendance. We should be satisfied with nothing less than an average attendance of one hundred.

MEMPHIS LEADS IN MURDERS

But Cincinnati Has a Rate of 10.7 Per 100,000 of Population.

(New York World.)
Frederick L. Hoffman has compiled for the Spectator an array of murder figures, of interest to insurance men, which show that 6,500 persons, more than 1,500 of whom were women, met death at the hands of their fellow human beings in 1913 in this country. This is almost our highest murder rate of record; the ten-year average at 1904-1913 is 7.9 per 100,000, against 4.9 in 1884-1893.

The recent rate in London has been 0.9 per 100,000 lower than any American city; in Berlin 2, a trifle less than Milwaukee, at the honor end of our list; in Paris 3.5, about like Minneapolis or Hartford. Then comes New York, 5.5; but beyond that, Cincinnati, 10.7; St. Louis, 12.9; Charleston, 30.6; Memphis, 58.3. Indeed, for 1913 the Memphis rate rose to 68—34 times that of Berlin, 12 times that of New York and 8 times the general average of American cities.

Our rate is greatest in cities with a large negro population. But it is everywhere disgracefully high. If Newark, Rochester and Milwaukee can get along with a homicide rate like that of Paris and Berlin, why cannot Boston and New York? Unfailing punishment might help inculcate respect for the law.

H. GLENN IRELAND FOR CONGRESS

The Republicans of Carter County are sending out neat little folders in the interest of H. Glenn Ireland for Congress. It says:
"Carter County presents Mr. H. Glenn Ireland, an enterprising young farmer and business man, 30 years of age, who has made a success here in the crushed stone business. He has employed about 100 men here for the past six years, has never had a strike nor a damage suit, which indicates his fairness and the high esteem in which he is held by his employees. His reputation as a citizen is beyond reproach. Glenn's slogan is 'Give everybody a square deal regardless of their financial or social position.' He is a close observer of conditions and the needs of this district and when elected will represent you by devoting ALL his time, in a business-like way, to fulfill his duties to ALL the people as your representative should. He received his education in the common schools and Ohio Wesleyan University; was engaged in the banking business four years at Van Wert, O.; married Miss Pauline Crist, of Catlettsburg, Ky., Jan. 18th, 1910, a member of a number of fraternal orders and the Methodist Episcopal Church.

VOTE REPUBLICAN TICKET

Says Dr. O'Rourke, Chairman of The Carter County Progressive Party.

(Ripley Bee.)
Miss Jessie Yancey, the popular and talented superintendent of the Mason county, Ky., schools, made an interesting and pleasing address to the women of Ripley last Friday evening on the school question. That she is deeply interested and thoroughly qualified to speak on the subject was evident. She has brought the Mason county schools from a low state of efficiency up to a modern plane. She told of the development of the Mason county high schools—how Minerva, a mere village, now has a school far superior to Ripley.

She was shown the old school building and the rooms now in use, and expressed amazement that Ripley people should stand in their own light and against their children's welfare by voting against the new school building. As for repairing the old edifice, it could never be made into a modern school building. Telling of opposition met in Mason county she related how some said the old building had been good enough for them and was sufficient for the present generation; these she classed with the man who didn't want his wife to have a cook stove because an open fireplace was good enough for his grandmother to cook on. She told of the important benefits to be gained by teaching the children manual training and domestic science, the utility and necessity of an auditorium in the new building, its uses as a social center, saying that no one in Maysville cared to go back to the antiquated school system of a few years ago.

Her talk was attended attentively by the auditors, and toward the close she invited questions, in answer to which many important points were stated.

A unanimous vote of thanks was tendered Miss Yancey for her helpful talk. With her at the head of the schools, it is small wonder that Mason county is in the front rank educationally.

Upon the conclusion of Miss Yancey's remarks, Mrs. Vinnie Williams, chairman of the meeting and President of the Mothers' Club, spoke briefly on the part the club should take in the work of assisting in the election and helping the schools after the new building is a fact. She concluded with a plea that every woman and girl in Ripley join this club and assist in the upbuilding and regeneration of Ripley schools.

After adjournment the ladies—and men, too—crowded about Miss Yancey eager to shake hands and tell how pleased they were with her talk.

HEAD OF MASONS
Condemns Use of Theatre in Louisville For Burlesque Shows.

Louisville.—The Grand Lodge of Kentucky Masons, convened and Grand Master Orie Ware of Covington, in a special report condemned the recent use of the Masonic Theatre by its lessees for burlesque shows. He said the shows had been found "indecent, obscene, vulgar and common." He urged the Grand Lodge to authorize immediate action, even to cancelling the lease, which has seven years to run at \$11,000 a year.

THANKSGIVING TURKEYS TO BE WITHIN REACH OF ALL.

That the price of a Thanksgiving turkey this year will be lower than for many years is almost a certainty. Those engaged in raising turkeys report the largest crop in many years in the course of fattening for the market.

The extreme dry weather last summer just at the hatching time gave all fowls a good start on the road to maturity free from disease which usually plays havoc with the average turkey crop.

Also the European war has tied up thousands of tons of dressed turkeys in New York, which usually supply the big ocean liners.

MEN'S DAY.

One hundred men in the men's class is the aim of the men of the Christian Church have set for next Sunday. Last Sunday Carlisle took one point. They reported 48. The Maysville class reported 47. Let all the male members of the church and those who are connected or friendly to this church, fall in line for big things in the way of Bible School and Church attendance. We should be satisfied with nothing less than an average attendance of one hundred.

BALLET GIRL

Is Ideal of Fashion in Designing Modes For Women For Next Year's Wear.

Chicago.—Fashion's model for 1915 is to be a ballet girl.
The hem of walking skirt and dancing gown is creeping up over trim ankles until it will reach only a short distance below the knees—so the fashion prophets predict—and will haunt all the fullness of an opera chorus dancing frack before spring.

Many Chicago women received the news of the short skirt's arrival joyfully, while others viewed it with alarm. For the experts have also declared that the shorter the skirt the smaller must be the foot.

Mrs. Alia Ripley, President of the Fashion Art League of America, declared today that the short skirt was more becoming with the additional fullness, and that the gowns of the winter would be at least from two and one-half to four inches above the ground.

"The Fashion Art League of America is not countenancing any extreme fashions," said Mrs. Ripley. "The shortness of the skirt must depend entirely upon the shape lines and size of the foot and ankle, but generally with a wide skirt shortness is becoming. Many of the gowns were quite a distance above the shoe tops in Paris recently, and the present styles are the result. American dressmakers will advocate a reasonable shortness, but nothing in the extreme."

UNEXPECTED INCREASE
In Wages and Taxes of C. & O., Equal 1/2 Per Cent. of Stock.

Richmond, Va.—At the meeting of stockholders of the Chesapeake and Ohio Railway Company here, C. E. Graham, of New York, was elected a director to succeed Frank W. Vanderlip, resigned. The board is now composed of Frank Tamm, New York, Chairman; Deane Axtell, Richmond; Frank H. Davis, New York; James H. Dooley, Richmond; Henry E. Huntington, New York; Frederick H. Rawson, Chicago; Theodore T. Shouts, New York; George W. Stevens, Richmond, and C. E. Graham.

The report of the fiscal year ending June 30 showed the average mileage operated during the year was 2,345.5 miles, an increase over the previous year of 26.8 miles. The mileage at the end of the year was 2,367.4 miles, an increase of 29.7 over June 30, 1913.

Unexpected increases in wages and taxes since 1910 now aggregate about 1 1/2 per cent per annum on the company's stock, and to that extent the sum available for dividends or for improvements of the physical or other assets of the company has been diminished.

Operating expenses for the year totaled \$36,690,021.11, an increase of \$1,604,777.79 over the corresponding year. Operating expenses totaled \$25,453,936.78, an increase of 4.92 per cent. Four dividends of 1 per cent each paid during the year aggregated \$2,511,261.

FIFTY YEARS AGO IN CINCINNATI
(Commercial Tribune.)
October 21, 1861.

Twelve packets arrived in the local harbor yesterday and there were nine departures. Traffic on the river is reported better than at any time during recent years.

The speech of Senator B. F. Wade at Mozart Hall last evening proved to be one of the most notable political events of the year.

Many of the best known physicians of the city have issued a statement warning the people of Cincinnati regarding the impurities contained in the river water and urging the importance of a better system. Dr. James G. Hunt styles the present source of supply as the sewer of the great Ohio Valley.

Henry Ward Beecher has notified his congregation that it is his intention to preach politics until after the next election.

As it appears that "young ladies are being used as reporters by the Philadelphia papers. If they can write as fast as they can talk, they should prove a success."

The line of railroad between this city and Nashville and Chattanooga is reported to be open and safe for travel and freight. The line to Atlanta is interrupted, but military authorities expect to have service restored within the next few days.

By order of the War Department the Fifty-fifth Kentucky Cavalry has been mustered out the regular service. The regiment was recruited in the counties of Northeastern Kentucky.

Charles H. Fisk, Secretary of the Board of Trade in Campbell and Kenton counties, has issued formal notice that all persons desiring to do business of any kind in these counties must apply at his office in Covington for a permit.

To make way for a bridge the building in Richmond, Va., in which Edgar Allan Poe edited the Southern Literary Messenger, has been demolished.

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay, help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. S. Neal, 497 W. Second St., Maysville, Ky., says: "One of my family had a great deal of trouble from his back and kidneys. Doan's Kidney Pills made him better and he always praises them."

Mrs. Neal is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Neal recommends—the remedy backed by home testimony. 50c all stores. THE BLOOD OF THE VIKINGS
Pierce Sea Fighters Were Bred of Long Years of Independence.

(Price Collier, in Scribner's.)
The Vikings and their followers, who swarmed up the Seine and the Thames, and whose descendants conquered Normandy and then England, were bred of long years of independence and property rights, while those they overthrew were dependent and non-lawdowners. They were the hardest and holdest travelers of their time.

The Norwegian seafarers still cruise about the sea as far north as it is open, and the history of polar exploration has been associated with Norway from Olaf, in King Alfred's time, to Amundsen, in our own. In the Shetland Islands the people still talked Norwegian in the last century; Greenland and Iceland were colonized from Norway, and from Iceland comes a literature, old Norwegian, still the language of the people, which ranks with the heroic tales of the east, of Greece, of Germany, and England.

The Orkneys, Shetlands, the Hebrides, the Isle of Man, were possessions of Norway for hundreds of years, and for more than three hundred years Norwegian kings ruled in Dublin. Many of the Danes who conquered England were Norsemen, and the conquerors of Normandy were mostly of the Norwegian Viking blood.

Iceland still retains a distinct flavor of these boozey warriors:
For 'tis the capital of the finest nation,
Wild carlin, psinty upon a fruitful sod,
Fighting like divils for conciliation,
An' hatin' each other for the love of food.

AND ONCE IT WAS SUCH A COZY CORNER.
Many people have the impression that Olden's Corner is getting notorious from the way some things have been going on for some time. However, we have it on good authority that things have somewhat quieted down during the last two or three weeks and we trust that the younger generation will at least have due respect for those who reared them and for the welfare and respect of the community. People who think that certain family affairs and other matters will not get to the public gossip are badly mistaken.—Correspondence Lafayette (Ind.) Journal.

NEW WAY TO KILL RATS.
(Augusta Chronicle.)
I have tried all the traps, poison, and ordinary methods for catching rats, but have never had anything to compare with fried sponge. Cut up a sponge into pieces the size of your thumb and fry these pieces in hot meat grease. Place them where the rats are thickest and they will eat the sponge. When the grease has been digested on the sponge swells up and kills them. I have tried this myself and a great many friends have tried it and all pronounce it a splendid way to kill rats.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvia Woods, of Clifton Mills, Ky.

"It certainly has no equal for a gripe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

SECOND CHANCE TO SEE FREE HEALTH PICTURES.

Much enthusiasm is being created in this county through the moving pictures furnished by the Kentucky Sanitary League. Large crowds were present at Lewisburg, Orangeburg, Sardis, and Mayslick and large bands of workers in these precincts will begin right away to do something for the Mason County Health League. Tonight the people of Maysville will have the second chance to see how great is the curse of tuberculosis and how easily it can be prevented. The pictures are not dry rot, dull sights or monotonous views, but are verily, trenchant, startling facts thrown upon the screen to show your position and to make clear your duty. One prominent family in Maysville has given \$30 a year to the subscription list of the Health League. Why don't YOU give?

GRAND MASTER WINSLOW

Carrollton Man Head of Grand Lodge of Kentucky—Membership of Masonic Fraternity in State Is 41,830.

Louisville, Ky., Oct. 21.—George B. Winslow of Carrollton today succeeded Orie S. Ware of Covington as grand master of the Grand Lodge of Kentucky Masons in session here.

The report of Grand Secretary Jackson shows that the year has been prosperous for Kentucky Masonry. The report shows the membership to be 41,830, an increase of 1,380 over last year. There were 3,189 initiated, an increase of 221 over last year, and 1,061 suspended.

The following new Masonic lodges were established during the year: December 10, 1913, Paradise lodge, U. D., at Paradise, Muhlenberg county. December 11, 1913, Robard lodge, U. D., at Robard, Henderson county. February 3, 1914, Pine Knot lodge, U. D., at Pine Knot, McCreary county. May 23, 1914, Orie S. Ware lodge, U. D., at Stearns, McCreary county. June 12, 1914, Cerulean Springs lodge, U. D., at Cerulean, Trigg county. June 29, 1914, Heidelberg lodge, U. D., at Heidelberg, Lee county. July 4, 1914, Verona lodge, U. D., at Verona, Boone county. July 23, 1914, Stanley lodge, U. D., at Stanley, Daviess county.

Officers were elected by the Grand Chapter of Kentucky, Royal Arch Masons, as follows:

W. Rodes Shackelford of Richmond, grand high priest; George B. Winslow of Carrollton, deputy grand high priest; J. W. Jewett, of Eminence, grand king; I. T. Woodson of Louisville, grand scribe.

When the great inventor saw the first flash of light from that first incandescent lamp 35 years ago, he dreamed of the day when every home would be lighted by electricity. The realization of that dream is now made possible by the development of the

EDISON MAZDA LAMPS

These economical lamps give from 3 to 6 times as much light as old-style carbon lamps, without using any more electricity.

If you want to get the full benefit of this saving you should put EDISON MAZDA Lamps in every room of your house.

There is an EDISON MAZDA for every lighting purpose—from the tiny battery lamps and small automobile lamps to the giant 1600 watt size, nearly 2000 candle-power, for stores, theatres, factories, etc.

Let us show you how they save, and advise you which to use for YOUR purpose.

21,976 FORDS SOLD IN SEPTEMBER

The Ford Motor Co., announces that in the month of September there were sold and delivered 21,976 Ford cars. This was a gain of 11,479 cars over September 1913. This is significant not only because it shows that the Ford production is rapidly being increased to meet the stupendous influx of orders, but also because it demonstrates that the Ford Motor Company is maintaining the 300,000 car-schedule necessary to give Ford purchasers between August 1st, 1914 and August 1st, 1915, a share of Ford profits.

We have just received a car-load of the new 1915 models, and can give you immediate delivery. There's nothing to gain by waiting, so order now and enjoy your car this fall and winter.
